Mr. Yanney:- An ordinance declaring the intention of the Council of Alliance, Ohio, to provide for the payment of interest and principal of the bonds of the city of Alliance, Ohio, aggregating $221,500.00, heretofore issued for water works purposes and the bonds of the city of Alliance Ohio, aggregating $140,000.00 authorized to be sold ordinance No. 1396, by setting aside annually from the earnings of the water works the necessary amount thereon and to include said bonds so provided for from the limitation imposed by law upon the aggregate net indebtedness of the City. Whereas, the city of Alliance, Ohio, has in all issued for water works purposes bonds, aggregating $221,500.00, now outstanding and authorized to be sold $140,000.00 Ordinance No. 1396, which provisions shall be made for the interest and sinking funds out of the net earnings of the Water works department, after the payment of the ordinary expenses of maintaining said Water Works.

WHEREAS, the total amount necessary to be provided annually out of earnings of the water works department to pay the interest and provide a sinking fund for the retirement of the bonds to the amount of $361,500, which with the amount now required annually to be provided for interest and sinking fund out of earning of the water works department would aggregate the total sum of $24,918.40. Now therefore, be it ordained by the Council of the City of Alliance, Ohio, that,

Section 1. That all bonds issued by the City of Alliance, Ohio, issued for water works purposes be and they are hereby declared to be bonds issued for the purpose of constructing, improving and extending water works when the income from such water works, is sufficient to cover the cost of all operating expenses, interest charges and to pass a sufficient amount to the sinking fund to return such bonds as they become due, and that therefore said bonds be not considered in arriving at the limitation upon indebtedness of the City of Alliance, Ohio, set forth in Section 3949, General Code of Ohio.

Section 2. Be it further ordained that it is hereby declared to be the intention of the Council of the City of Alliance, Ohio, annually to appropriate and set aside from the income from the Water works after deducting the cost of all operating expenses, a sufficient sum to pay all interest charges and to pass a sufficient amount to the sinking fund to return the bonds referred to in section 1, hereof as the same shall from time to time become due and payable.

Section 3. That in case that the revenue derived from such water works shall at any time become insufficient to pay the interest on the outstanding bonds of said water works and to annually pass the sinking fund and amount sufficient to retired said bonds, as the same shall from time to time mature. Then and in that case the Director of Public Service is hereby authorized and directed to increase the rates to be charged to the consumers of water from said water works, to such rates as may be necessary to meet such interest and to retire said bonds as the same may mature.

Section 4. This ordinance shall take effect and be in force from and after its passage and legal publication.
