

**You are invited to participate in a doctoral research study titled:**

Comprehensive Sex Education, Religious Affiliated Universities/Colleges/Secondary Schools and STD Knowledge Among Young Adults

**Requirements:** If you are between the ages of 18-24, you are welcome to complete the 5-10-minute survey online or after clinic appointments (if you are receiving this flyer at a clinic).

**What will it ask?** The survey will ask questions about:

- Whether you have attended a religious affiliated school
- Whether you have received comprehensive sex education at school and/or within your household
- An assessment of sexually transmitted disease knowledge
- Demographic factors such as age, gender, etc.

Your information is anonymous, and no contact information will be taken.

If you choose not to participate you can disregard the flyer.

Please follow the link below to complete the electronic survey. You will be asked to read through a consent form prior to answering the survey questions.

Thank you for considering taking part in this important research!

Final survey results will be available through a link provided on the Face book pages of the following agencies: Alliance City Health Department and the Canton City Health Department Facebook page.

In addition, if you do not have access to Face book, a link will be provided on the agency web site pages.
