Programs at the elementary schools are Friday, Arbor Day, April 26, and at the AELS on April 25. Barrie donated and planted Giant Japanese Pussy Willow at those three schools and Northside Intermediate. The Review is scheduled to cover the AELS program. Again this year we will have seedlings [Blue Spruce] for all third graders donated in George Weimers's memory by Shirley Weimer.

Mike attended the Tree City, USA awards program in Youngstown. Speaker was Bill Hendricks, President of Kline Nurseries. Tours were given of Mill Creek Park and gardens. This was our 37th year to receive the Tree City, USA designation. We will be hosting 2022.

Iron Horse Trail is continuing behind Mt. Union President's House, by library, and other sites. Leigh has potential money from Civic Trust and Hills and Dales Garden Club for trees along Iron Horse Trail

Big trees along Union must be removed for Union Ave. project.

KAB – Recycling up.

Alliance Cemetery requested that we plant more trees to replace ones they've lost.
